📍 Shukhpar, Bhuj-kutch

OBJECTIVE

Detail-oriented frontend developer experience in creating responsive and user-friendly web applications. Proficient in HTML, CSS, and JavaScript, Typescript with a strong focus on optimizing performance and enhancing user experience. Seeking to leverage my skills in a dynamic team environment to contribute to innovative projects.

GENERAL SKILLS

- **Problem-Solving:** Strong analytical skills to troubleshoot and resolve issues.
- **Time Management:** Effective at prioritizing tasks and meeting deadlines.
- **Collaboration:** Team player with good communication skills, able to work well in diverse teams.
- **Adaptability:** Willingness to learn new technologies and adapt to changing requirements.

TECHNICAL SKILLS

- **HTML5:-** Understanding of semantic HTML, structure, and accessibility standards.
- **CSS3:-** Proficiency in styling, layout techniques (Flexbox, Grid), and responsive design.
- **JavaScript:-** Strong grasp of core concepts, DOM manipulation, and basic ES6+ features.
- **Typescript:-** Proficiency in static typing, interfaces, classes, and ES6+ features to develop scalable, maintainable, and error-free frontend applications.
- **Frameworks & Libraries:-** Familiarity with at least one frontend framework/library, such as Reactjs, Angular, Redux/Toolkit, TailwindCss, Sass, Bootstrap.
